

# WellPoint \$0 Select Drug List:

WellPoint Plan (for Individual ACA plans only)

WellPoint covers medications that may keep you healthy because they may prevent illness and other health conditions. Your individual plan offers a unique benefit to you - you can receive the prescriptions on this list at no cost to you - without a copay and without having to first meet a deductible. This is designed to offer you additional savings on commonly-used medications, exclusively available through your individual plan. HSA-compatible and Catastrophic plans must first meet the deductible.

This list includes only prescription products. In some cases, both brand-name drugs and non-brand drugs (generics) are included, while in other cases, only non-brand drugs are listed. Most brand-name drugs that have a generic equivalent available are not covered under this benefit.

\*Some medications may be excluded from your benefits. Please refer to your Certificate or Evidence for Coverage for coverage limitations and exclusions.
